

Council Insists on Conference With C.P.R.

Legion's July 1 Program

Given \$25 Donation; Drainage in West Coleman Discussed.

Little business was before the council at its regular meeting on Monday evening. Present were Mayor Antrobus, Councillors Abousafy, Cox, Jenkins and Ramsay.

A letter was received from the Grand Union Hotel stating that if council would authorize parking signs required at the entrance of the hotel parking lot the hotel was quite willing to pay the bill. The police committee were authorized to attend to the matter.

Council authorized another letter to be sent to the C.P.R. asking that the railway's representative and the council meet in conference, to discuss the culvert and other matters pertaining to the recent flood.

Mayor Antrobus and Councillor Ramsay at a meeting with the Legion executive had authorized a \$25.00 donation to help defray expenses of the July 1 Army Week program. Their action was endorsed by council.

The hole on Fifth street was authorized to be filled in at the earliest opportunity.

A letter was received from the War-time Prices & Trade Board asking council's help in uncovering unused machinery which may be in this vicinity.

The drainage system in the flooded area of West Coleman was discussed. It appears that in order to properly drain the flooded section many loads of gravel will have to be dumped and so force the water down through the drainage ditch. It was estimated that it will take several days steady hauling before the water can be properly drained and the back alley built up sufficiently to allow for future drainage.

Foreman J. Nikituk was authorized to stay on that particular job until it was complete.

Air Cadets to Go Into Camp at Macleod

Leave Coleman on Sunday Afternoon Will Return Home Sunday, July 12.

Coleman Air Cadets, twenty strong, will march to the local C.P.R. depot on Sunday, July 5, where they will entrain for the air cadet camp at Macleod air school. Accompanying them will be PO Harold Houghton.

At camp they will get the full course of training, having to crawl out of bed at 6.30 a.m. and keep going strong till 5.30 p.m., each day. They will be shown the full operation of a service flying station which should be highly educational.

Air Cadet Recruits Wanted

between ages of 14 to 17 years for No. 73 Summit Squadron, Coleman. Qualifications required: Must be willing to submit to discipline and to be prepared to give two or three hours daily for study to necessary courses.

New course of study will commence first week in September and applications will be received up to that time. Boys are eligible to enrol regardless of whether they attend school or not as long as they are within the required age limit. Applications will be received by the following officers: PO H. Houghton, P. O. Dickleson, R. Spillers.

Scanlan in Buffalo Evening News: Scarcity of this, that and the other thing! What this country needs most is a shortage of shortages.

PRESENTATION TO SCHOOL TEACHERS

A presentation was held in the high school on Thursday afternoon by the staff of Coleman schools in honor of Mrs. M. Clifford and Miss Ethel Dunlop, who will be leaving Coleman shortly.

Principal Hoyle, on behalf of his staff, presented Mrs. Clifford with a stationery kit. Miss A. Yuill, principal of Cameron School, on behalf of the teachers, presented Miss Dunlop with a cut glass water set.

A supper was enjoyed by the teachers and guests-of-honor prepared by Mrs. G. Thompson, and the Misses Megan Jones and Mildred Higginbotham.

Cemetery Road In Need of Repair

The Journal is fully aware of the difficulty the council is at present experiencing with its labor shortage and that due to the flood much additional work has been placed on the shoulders of the town foreman and his few helpers.

However, The Journal would like to point out to the council one road job that requires attention once the more important job at West Coleman has been completed, and that is the road to the two cemeteries.

The heavy rains of the past three months have ripped the main road into little ditches and loosened small rocks. On the flat, on the top of the hill, are holes which rapidly fill with water after each rain and since they are in the road cars have to plow through them.

The short stretch of road to the union cemetery is pure rock and loose gravel with nary a speck of soil upon it. This piece of roadway is particularly in need of repair and some huge boulders, which are jutting out more and more each year, should be dug out and sold placed on the surface.

It is hoped that the Work & Property committee will keep this project in mind when next issuing orders to the town foreman.

The Churches

St. Paul's United Church, Coleman Minister: J. E. Kirk Sunday, July 5, 1942

11 a.m., morning worship. 12.15 p.m., Sunday school. There will be no church service in the evening at Coleman during the month of July, but instead Rev. J. E. Kirk will have charge of the church service at Blairmore United Church each Sunday evening at 7.30.

A cordial welcome to all.

ST. ALBAN'S CHURCH

Rev. J. R. Hague, A.Th., Incumbent 11 a.m.—Holy Communion and sermon.

MRS. M. WILSON LEAVES FOR LETHBRIDGE

Coleman lost another long-time resident yesterday when Mrs. Margaret Wilson and daughter, Anne, left to take up their residence of Lethbridge, where her two eldest daughters have secured employment. Mrs. Wilson first came to Coleman in 1923 just prior to the flood and resided with Mr. and Mrs. Matthew Wilson, later marrying their eldest son, Arthur, now deceased. For the past few years she has been assistant cook at the local hospital. She has taken an active interest in Caledonian affairs and was honored with a presentation by the society prior to her departure. Her many friends wish her luck in her new home.

John Nimcan left for Vancouver on Wednesday.

RUSSIAN FAMILY MOURN MURDERED HUSBAND AND FATHER, VICTIM OF GERMAN CRIMINALS

The Polyarush family with the body of their 68-year-old Illarian Polyarush, one of the hundreds of non-combatants murdered by the Germans in Kerch. On the left is his eldest son, Ivan, who, by sheer chance, escaped death. During the massacre he was wounded in the head and covered with earth and corpses. At night he crawled to a neighboring quarry and hid there until the arrival of the Red Army.

Legion Sponsors Annual July 1 Sports Day

Parade Consisted of Many Groups; Imperial Tobacco Co. Donates R.C.A.F. Flag To Legion.

Coleman branch of the Canadian Legion successfully sponsored their first July 1 sports day and plan on making it an annual event. Splendid financial support was received from "The" local business houses and companies and thus the Legion executive were enabled to add to their original program.

At 1 p.m. the band, pipe band, school children, air cadets, Girl Guides, Brownies, Legion, Polish girls in national costume and members of the Polish and Czechoslovak societies met at the central school grounds. The parade was led by three youths from Britain carrying the Union Jack, the Canadian and United States flags. Ernie Beart was parade marshal. The route of march was through the main streets and thence to the sports field where the children were given ice cream, candy and fruit.

Parade judges Mrs. J. L. Lonsbury, Messrs. Wm. White and Mike Opulski. Following is their choice, each of whom received a prize: Air Cadet, Stanley Kirk; Girl Guide, Corine Fraser; girls, best decorated bicycle, Geraldine Clark, first; Louise Oliva, second; boys, best decorated bicycles, Mike Hearny, first, and Kent Foster, second.

After each youngster had been given confectionery the field was cleared and races featuring youngsters from six years to the

open races were run off in quick time, each winner being awarded with a prize.

One of the feature events of the program was the presentation of the R.C.A.F. flag donated to the Soldiers Comfort Fund by Imperial Tobacco Co., Montreal. The presentation was made by Mr. A. F. Short, who stated that the flag had been donated in recognition of the splendid work done by the Legion and its supporters in sending cigarettes to the boys overseas. The flag, he said, was emblematic of one of the gravest bodies of men that history had produced. However, regardless of how fearless and brave these men were, they were just as good as the tools and planes that they have to work with. In a few weeks heavy income taxes would be imposed upon those at home but our part would still be small compared to the boys of the R.C.A.F. To the boys of the R.C.A.F. it would be their task to see that the flag would never be shamed or dishonored, to those at home it was their duty to see that it was never humbled. Mr. Short then presented the flag to President J. Goulding, who held it at attention while the band played.

Sports were then continued with the Elks and Lions teams tangling in a game supposed to be softball, but ended with Elks being on the long end of a cricket score 16-13. It was a seven inning affair with rain bringing helpful relief to players and spectators alike from a hot sun.

LOCAL AND GENERAL NEWS ITEMS

Mr. A. Fry has been appointed to the staff of the Grand Union hotel.

Mrs. Fred Smith entertained the Red Shield Auxiliary of the Salvation Army in honor of her daughter, Mrs. George Green, of Bellevue.

Margaret and George Vincent left on Thursday for Erickson, B.C., where they will spend their vacations, the guests of their grandparents, Mr. and Mrs. H. Campbell.

Mrs. R. Ferguson and Mrs. R. Kwanie were joint hostesses at a miscellaneous shower in honor of Miss Ethel Dunlop, bride-elect on Friday evening. Four tables of bridge were in play, honors going to Mrs. J. Richards, Mrs. J. Nash and Mrs. J. Derbyshire. A dainty lunch was served after which the guest-of-honor was presented with a basket of beautiful linen gifts.

Messrs. Mike Molina and Ernest Montalbetti, of Trail, are visiting relatives here.

Wm. Shields has been appointed to drive the ambulance during the next month, relieving Harry Harris who is now on a month's vacation at Vancouver.

Mr. and Mrs. Everett Bulman and family left on Wednesday by car for their new home at Cloverdale, near New Westminster, where they have purchased a 10-acre farm.

A miscellaneous shower was held at the home of Mrs. Roy Thomas on Monday evening in honor of Mrs. A. Jones. Hostesses were the Misses Hazel Kryzwy and Marion Bambling. Whist and Bingo were played, whist honors being won by Miss Peggy Hoyle, Irma McLeod and Laura Rhodes. A dainty luncheon was served by the hostess following which the guest-of-honor was presented with a number of beautiful gifts.

SCHOOL IS OUT

Monday and Tuesday morning saw youngsters come storming through school doors racing for home and letting forth joyous cries of "School Is Out!"

Today all is quiet, only the janitors are to be seen working. Many students have already left with their parents on vacations to summer resorts and farms. Only a few teachers remain at home for the present, others being enroute to summer school and vacation lands throughout the Dominion.

To those youngsters who are unable to leave home, the old swimming hole will prove most popular.

Vacation time has now started.

Pte. L. A. Caroe Services Olds' Elks Ambulance in Britain

Machine Donated by Olds' Elks Hockey Team! On Look-Out for Coleman Ambulance.

A letter was received recently by Mr. and Mrs. L. A. Caroe from their son, Pte. L. A. Caroe, now serving overseas. He is working at a service station and one day was called upon to service an ambulance. Upon reading the inscription on the van he found that it was the ambulance donated by the Olds Elks hockey club. The machine was driven by an eastern Canadian, which, in Lawrence's opinion wasn't fair. He states it was quite a thrill to read the name of a town which was so close to the old home town.

Detach Coupons After Set Date

Here's a warning! Now that coupon ration books for sugar are on hand. Do not detach any coupon prior to the set date. Numbers on coupons run from one to five, indicating that one pound of sugar may be purchased for each number. Coupon number one must not be detached or used before July 1, coupon number two must not be detached or used before Monday, July 13, and so on, counting two weeks apart between each purchase.

PRESENTATION TO DR. AND MRS. C. ROSE

Last Friday evening members of St. Paul's church choir gathered at the home of Mr. and Mrs. W. L. Rippon with Mrs. C. Rose as the guest-of-honor. After a very enjoyable evening of games and a delicious lunch, Mr. J. Emmerson, the president of the choir, presented Mrs. Rose, in the absence of Dr. C. Rose, with a silver basket suitably engraved as a token of appreciation from the choir. In a few very well chosen words, Mr. Emmerson conveyed to Mrs. Rose, the very deep appreciation of the choir for Dr. Rose's untiring services as conductor of the choir during the last three or four years and for her assistance as a member of the choir, and expressed the regret that Dr. Rose was unavoidably absent from the gathering. Other members of the choir voiced their appreciation and wished both Dr. and Mrs. Rose and the family God speed in their new home at Aurora, Ontario.

THANKS

Thanks are expressed to Dr. H. Claxton, Matron Mrs. E. V. Wood and her staff for their kindness during my recent stay at the hospital. Also to my friends who so generously sent flowers and other gifts. Mrs. D. Gentile.

THANKS

The committee of the Red Cross wish to thank Miss Ethel Dunlop and her grades II and III, of Cameron school for the lovely layette and other useful articles they so kindly donated.

Young Coleman Woman Called by Death

Mrs. Victoria Handzel Died Suddenly From Heart Attack; Funeral on Sunday at 2 p.m.

A severe heart attack at 10 p.m. Wednesday caused the death of a young Coleman lady, Mrs. Victoria Handzel, nee Victoria Yagos, 29.

Deceased was the daughter of Mr. and Mrs. Albert Yagos, of Blairmore Road, and was born in Coleman. She was well known, residing here all her life and having attended the local schools.

She was married in June, 1928, and is survived by her husband and a 13 years old daughter. Her parents, three brothers and three sisters also survive.

The funeral will be held on Sunday at 2 p.m., service being held at Holy Ghost church and interment in the Catholic cemetery.

Ernie Beart Passed Away This Afternoon

Collapsed on Sports Field After Having Led Big July 1 Parade.

Citizens heard with surprise and regret news of the sudden death of Ernie Beart, 62, at the local hospital at 6.30 this afternoon.

Deceased had been parade marshal of the big July 1 parade sponsored by the Legion, of which he was an active member. Heat and the exertion must have been too much for him as he collapsed a few minutes after the parade arrived at the sports field. He was rushed to the hospital where he died this afternoon.

Full particulars will appear in next week's issue.

Good Hunting

They have a funny way of dispensing justice up in the frontier of Alaska. It is reported from there that an Alaskan Indian shot and killed another Indian whom he said he mistook for a moose. At the prisoner's trial the manslaughter charge was not pressed. But he was convicted of hunting moose during the closed season and sentenced to 90 days in jail.—Cranbrook Courier.

Down in the States many of the boys now manning fighting planes and bombers were taught to fly by girls, expert CAA instructors. There are about 50 women teaching flying in the various civilian pilot training units there. Evelyn Kilgore, one of the first instructors in action, has almost a hundred graduates in the various military services. Men don't seem to mind the idea of feminine teachers. One said: "A woman taught me to walk—why shouldn't she teach me to fly?"—Cranbrook Courier.

One of the longest home runs was one hit by Babe Ruth in the Newark, N.J., park. It measured 526 feet.

ANNOUNCEMENT

Mr. and Mrs. W. L. Rippon, of Coleman, announce the engagement of their only daughter, Helen Lorraine, to Vernon James Brown, R.C.A.F., only son of Mr. and Mrs. Alan Brown, also of Coleman. The wedding to take place in Coleman on Saturday, July 4.

BRITISH SUBMARINES BLAST AXIS SUPPLY VESSELS AND STOP CONVOYS GOING TO LIBYA

Alexandria, Egypt.—With British submarines blasting away at Axis supply vessels, it was learned unofficially that not a single enemy convoy has reached the Libyan base of Bengasi in the past fortnight.

The Axis advance into Egypt has strung the enemy lines of communication to great distances. It is a 600-mile haul to the front from Tripoli, so the Nazis are looking to Bengasi as the nearest good supply base. British naval sources said that stoppage or near-stoppage of ships reaching Bengasi would have a vital effect on the outcome of the struggle in the western Egyptian desert, because the Axis equipment and supplies are being burned up at a rapid rate and replenishment from Tripoli might come too late.

One commander who brought his submarine in told how he sank two large supply vessels bound for Libya. He is Lt.-Cmdr. Philip Stewart Francis 34, of Somerset.

Reporting that his crew sent two torpedoes into a 7,000-ton Axis ship escorted by a destroyer in moonlight Mediterranean, Francis said: "There was a colossal explosion—the biggest bang I ever heard in my life."

"There was no doubt we had hit an ammunition ship. The destroyer did not depth-charge us, but circled around the position of the sunken ship, picking up survivors."

Francis got the other victim out of a convoy of two supply ships and a destroyer guarded by Axis planes. "Almost immediately after the firing of the torpedoes there were loud noises indicating a ship breaking up," he said.

"The ship was heavily laden and bound for Libya. We were depth-charged but got away safely."

On the same patrol Francis said he sighted a large Axis troop transport already burning furiously.

"Obviously she was a total loss, so we did not trouble to fire torpedoes at her," he said.

GUERRILLA RAIDS

Russians Throw Dice For Privilege Of Attacking Nazis

London.—Leslie Kirch arrived back in London from Russia where he had been serving with a medical unit and told of farm folk throwing dice for the privilege of joining in guerrilla raids on the Germans.

Armed with farm axes and clubs, the three winners crawled through German lines, killed six German sentries and returned with guns and ammunition strapped to their bodies with horse harness. Thus they provided arms and ammunition for the others of this farm establishment to make even more widespread raids and while Kirch was there they killed 18 Nazis and brought home 17 prisoners.

HOCKEY PLAYER ENLISTS

Winnipeg.—Jack MacBeth, 22, Winnipeg professional hockey player, has enlisted in the Royal Canadian Air Force. He was with Washington Eagles of the Eastern United States Amateur Hockey League in 1938-40 and Glace Bay Miners in the Cape Breton Senior League last season.

AROUSED TO GREAT DANGER OF JAPANESE SUBMARINE BASES ON THE ALEUTIAN ISLANDS

Washington.—U.S. navy department's continued silence on Japanese seizure of Attu and Kiska islands in the outermost Aleutians is believed to cover preparations for a big sea and air battle there shortly. The navy is now fully aroused to the danger of Japanese submarine bases in the island chain, as well as the harrying of American planes en route to Russia. Canadians will be taking an active part in that show.

Chinese attaches here believe the Japanese will seize Kamchatka peninsula and strike at Siberia any moment. The Russians are inclined to think the Siberian drive waits on results of the German fighting around Kharkov and at Sevastopol.

According to the Russian information, Hitler ordered his generals to take Sevastopol, break through the Crimea and eastern Ukraine, and drive on the Caucasus oil fields be-

SALVAGE PLAN

Western Grain Elevators To Be Receiving Agents For Scrap Metal
Ottawa.—Thousands of western grain elevators are to be receiving depots in a gigantic scrap metal collection system, under an agreement with Wartime Salvage Ltd., a government company.

Information on the agreement was given a House of Commons committee which has been studying government salvage operations for several weeks.

Under the agreement, Wheat Pool, United Grain Growers and Northwest Line Elevator Association elevator agents will be agents for the purchase of scrap metal from farmers.

They will buy at the rate of \$7 a ton from farmers and will prepare and load the scrap for shipment. Payment will be made by Wartime Salvage Ltd. at the rate of \$8.50 a ton.

W. A. Bark, president of Wartime Salvage, told the committee the elevator companies had declared they would turn over any profit to a war charity, if there was a profit at the end of the six-month agreement.

They had indicated they would absorb any loss under the agreement if this developed.

J. H. Sissons (Lib. Peace River), chairman of the committee, said it was "seriously exploring" the possibilities of co-ordination of all government salvage activities.

WOMEN REPATRIATED

Canadian Women Interned In Germany Are Returning To Canada

Ottawa.—Names of 10 Canadian women returning to the Dominion from Germany under an international exchange agreement were announced by the external affairs department.

The women are aboard the steamship Drottningholm which sailed from Lisbon and is expected to arrive in New York this week.

Seven of the women were passengers on the Egyptian steamship Zamzam, sunk by a German raider in the South Atlantic April 17, 1941. They were interned in Germany but released in September last year and have been living in Berlin.

The other three Canadian women also were interned by German authorities but were released following representations from the Canadian government. One of the Zamzam passengers was Olga Gotterson, of the Norwegian Lutheran Church of America, Minneapolis, Minn., next of kin, Mrs. Elsie Gotterson, mother, Nalcam, Sask.

PRICE UNCHANGED

Montreal.—A spokesman for Imperial Tobacco Company Limited of Canada said that tobacco tax increases in the federal budget will not result in any increase in the price of cigarettes set as gifts to members of the Canadian armed forces overseas.

AUSTRALIAN AIRBOMES

Melbourne.—At least 100 new airbombers have been built for the Allied air forces over a wide area of Australia in the last three months, Brig. Gen. Hugh Casey engineer officer at general headquarters said.

At the end of June, Rommel's unexpected success at Tobruk is being used to prod on the other Nazi generals who are far behind the schedule.

The Russians regard this fighting as the most critical of the World War outbreak. They say it has caused enormous drains on the German motor and aviation gasoline reserves. Hitler has served notice to his leaders that they must drive through to the Caucasus and Mosul oil fields this summer regardless of German lives.

The moment the Germans seem to be breaking through the eastern Ukraine and along the east shores of the Black sea will be the signal for the Japanese to start the Siberian campaign. The Japs, unlike the Germans, have no great worries now over oil. They are letting the Nazis worry over their dilatory tactics in the planned assault on Siberia.

HEADS KIWANIS

Fred G. McAllister, London, Ontario, lawyer, is the new president of Kiwanis International for 1942-43. He was elected by delegates attending the 27th annual convention of Kiwanis International at Cleveland, O. He is the fourth Canadian to hold office of president since Kiwanis was founded in 1915.

ON DEFENSIVE

Hitler May Arrange For Occupation Of All France

London.—A well-informed foreign source said that Hitler is being urged by his military commander to "arrange" the occupation of all France to off-set the projected "second front" invasion of Europe by the United Nations.

This source said the report came through the same "trustworthy underground channels" which disclosed that guns from the Macinot and Siegfried lines are being moved to the English channel coast for defence fortifications.

In addition, Hitler has shaken up his military command, replacing 26 division commanders in the last three or four weeks, it was said.

Receive Honors From Their King

W.O. Neale

P.O. Reinhart

Two of Canada's airmen who were decorated with the Distinguished Flying Medal by His Majesty the King are pictured outside Buckingham Palace as they came from the investiture. At left is W.O. K. F. Neale of Regina, and at right, Pilot Officer W. L. Reinhart of Stratford, Ont. Both were cited for skill and devotion to duty in pressing home low level attacks against enemy convoys.

Heroes Visit White House

The British members of the group of United Nations heroes now touring the United States to boost the sale of war bonds are shown as they were received by President Roosevelt at the White House. The warriors, who have seen action and won glory on far-flung battlefronts, were presented by Viscount Halifax, British ambassador, who is seated beside the president.

COMPULSORY PLAN

Refunds May Be Staggered According To Year Paid

Ottawa.—Refunds of money collected under the government's new compulsory saving plan may be staggered according to the year in which they are paid, it is provided in the resolutions covering graduated income tax and excess profits tax. The repayments will begin not later than two years after the end of the war.

The refundable portion of 1942 taxes is to be repaid, either in a lump sum or by instalments, not later than the end of the second fiscal period after the cessation of hostilities. The 1943 refundable portion will be returned not later than the third fiscal year after hostilities and so on.

Money collected through income war tax will bear interest at the rate of two per cent but no interest will be paid on excess profits tax refunds.

WHEAT FOR GREECE

Monthly Shipments Of Canadian Wheat To Be Made

Ottawa.—Negotiations have been completed by which Canada gives the starving people of Greece 15,000 tons of wheat a month, approximately 500,000 bushels, it was announced here.

Some shipments of Canadian wheat already have reached Greece but the movement will proceed on a monthly basis from now on. The cargoes will be transported in Swedish ships under supervision of the Swedish Red Cross.

It is expected the Swedish ships will sail from a Canadian port direct to Greece, having obtained safe conduct through the British blockade and permission from the German and Italian governments for the voyages.

McGILL RECEIVES GRANT

Montreal.—A grant of \$2,750 from the Rockefeller Foundation to assist in the development of a drama program at McGill University was announced recently.

CANADIANS ASKED TO HONOR THE MEN AND WOMEN OF OUR ARMY DURING ARMY WEEK

SAVED HUGE SUM

Ban On Travel To United States Has Brought Results

Ottawa.—Canada's outlook for financing its war purchases in the United States is more cheerful for the present year than it was last year, Finance Minister Ilsley said in his budget speech in the House of Commons.

The situation, however, does not warrant relaxing restrictions on Canadian travel in the United States nor in the application of the war exchange conservation act, he said. The Hyde Park agreement which facilitated United States purchases of war supplies in Canada was responsible for the improved outlook and for the fact that Canada had been able to meet its payments in United States dollars in the past year.

"By the collaboration of our good neighbor and ally we hope to be able to meet our exchange requirements which arise out of our need for war materials in the way most effective for a nation at war, namely by the provision of munitions of war for whichever of the United Nations and whichever of the world's battle fronts require them most urgently," said Mr. Ilsley.

"This is a most desirable situation but let it not be misunderstood. We are able to do this only as long as we continue to exercise care and prudence in our non-war transactions."

"The restrictions on pleasure travel now have been in force for nearly two years and it can be stated with assurance that these restrictions have saved us well over \$100,000,000 United States dollars since they were imposed."

WORK UNDER WAY

New Persian Gulf Port Will Speed Supplies To Russia

Basra, Iraq.—Construction of a new Persian Gulf port to speed supplies to Russia is being pushed by United States noncombatants on a site that previously was nothing but sand and swamp.

Hundreds of bombers, thousands of trucks and much other material have passed through the Persian Gulf to Soviet armies by means of the elaborate organization built to insure their rapid transport.

Among rail projects under way is a link to connect Teheran, the Iranian capital, with Tabriz in the north. This will complete an all-rail route from the gulf of Batum, the Caucasian oil centre, Tiflis and Moscow.

BOMB KILLS INTERNEES

Vichy.—Two internees were killed and a number of others were wounded when an unexploded plane dropped a bomb which landed in a cluster of concentration camps at Royallieu near Compiegne.

Ottawa.—Canadians were called upon by Hon. J. L. Ralston, minister of national defence, to honor the men and women of the Dominion's army during Army week, June 29 to July 5, and to continue their interest and solicitude in the months to follow.

Col. Ralston spoke over a Canadian Broadcasting Corporation national network in a special program heralding Army Week. Entitled "Shoulder to Shoulder," the program gave a dramatic picture of the co-operation of officers and men in producing improved equipment.

Taking part in the program were professional artists now on active service who dramatized the actual story of an improvement in gear mechanism for reconnaissance cars developed by drivers which resulted in a victory in manoeuvres.

Col. Ralston pictured the more than 150,000 Canadian soldiers abroad watching constantly across the English channel. Others maintain constant vigil at outposts of this continent in Newfoundland, Labrador, in the Caribbean and along the Pacific.

"The army so far has had to be content to do a drab job without glamour or spotlight. Its turn will come. Each of the fighting services will have its share in the glory and the decisive battles in this war must be fought and won on the land."

Men with Canada's army everywhere deserved honors. Those who kept unfaltering vigil in the British Isles ready "to drive McNaughton's dagger home" were deserving of particular honor.

(Lt.-Gen. A. G. L. McNaughton, commander of the Canadian army overseas, said in an interview in Britain some months ago that the Canadian forces in Britain constituted a "dagger pointed at the heart of Germany").

"I am as proud as a man can be of the Canadian army," Col. Ralston said.

"The endurance and patience and industry and keenness of these soldiers of ours—men and women—are worthy of every act of interest and solicitude you can show them—and don't just confine it to Army Week." "They represent humanity at its best, they represent manhood and womanhood in its glory, they represent patriotism at its peak," Col. Ralston said. "You honor yourselves by honoring them."

HONORING IN FRANCE

London.—The Free French newspaper "France" reported in a Lisbon despatch that three French women scientists in Paris have been sentenced to death and seven men executed for Free French activities.

Buy War Savings Certificates

SEE GREATER CURTAILMENT OF NON-ESSENTIAL INDUSTRY TO SPEED WAR PRODUCTION

Ottawa.—The government can be expected to embark without delay on a program of greater curtailment of non-essential production, a cabinet source intimated. "We have got to go after that side of the manpower problem much more vigorously than we have been doing," the minister said.

Three key ministers, it is noted here, have struck an almost identical note in recent parliamentary speeches, all pointing to immediate action to speed up the transition of civilian production to war production—since this represents the last substantial source from which to draw manpower and materials if war production is to be increased beyond its present limits. Civilian production is also the main source from which the armed services can now draw military manpower. Curbing civilian industry is seen here as the logical result of the policies of mobilizing national resources outlined in the budget and discussed also in the conscription debate.

Hon. J. L. Ilsley, in the budget address, said "the economy is in the zone of full employment. It is still possible to expand our programs for production and the armed services but only if we are prepared to make careful and wise choices as to what is urgent, what is more urgent and

what we can do without. . . (later) restrictions on civilian industry to save materials and manpower will unavoidably multiply."

Hon. J. L. Ralston, in the conscription debate, "in trying to take up the slack and put them where they will be most useful in carrying on the war, those are the things that we have to work at and work hard. You and I have to tighten our belts and do without some of the ordinary civilian commodities which we can do without."

Hon. C. D. Howe, in the conscription debate, "insofar as there remains industries engaged primarily in non-essential production, we shall have no hesitation in converting them, or in closing them down, and thereby making their employees available for war requirements."

Mr. Howe was the only minister who attempted to estimate the sector of civilian production that could be shut off. In calculating that 2,000,000 workers were engaged in civilian production, he estimated that 800,000 can be diverted to war work and the services. His speech provided only one specific example, the increase of 35,000 employees in wholesale and retail trades, where the shutdown might be applied, though he mentioned generally other civilian trades and industries.

Rialto Pool Room

Tributes Paid to Mrs. C. Rose

Honors were paid Dr. and Mrs. C. Rose at the Ladies' Night of the Lions supper-meeting on Monday, June 22. Dr. Lou Leske, chairman, paid tribute to the good work of Dr. and Mrs. Rose in the community and hoped that they would have many pleasant memories of their home here in the mountains. In the absence of Dr. Rose, who is at present in Toronto Mrs. Rose received for him a handsome billfold, and for herself a china cup and saucer as gifts from the Lions club.

On Friday, June 19, St. Paul's United church choir held a social evening in honor of Mrs. C. Rose in which games were played and lunch served. Mrs. J. E. Kirk, on behalf of choir members, presented the guest-of-honor with a silver cake plate. In a short address Mrs. Kirk paid tribute to the church work of Dr. and Mrs. Rose and the benefits enjoyed through the choir mainly through the efforts of Choir Leader Dr. Rose.

Mrs. H. H. Gardner was hostess at a coffee party in honor of Mrs. C. Rose on Thursday, June 18, at her home.

Mrs. L. Leske, of Bellevue, entertained at her home on Wednesday, June 10, in honor of Mrs. C. Rose. Three tables of bridge were in play. The guest-of-honor was the recipient of a parting gift from the hostess.

Mrs. S. C. Short entertained at her home in Carbondale on June 19, in honor of Mrs. C. Rose.

Mrs. H. Allen entertained in

honor of Mrs. M. Clifford and Mrs. C. Rose on Tuesday, June 23. Bridge was played.

Mrs. R. R. Pattinson entertained at tea on June 26 in honor of Mrs. M. Clifford and Mrs. C. Rose.

Mrs. N. MacAulay and Mrs. W. L. Rippon entertained at a coffee party on Sunday, June 28, in honor of Mrs. C. Rose.

Mrs. H. Meade, of Bellevue, entertained at bridge on Friday, June 26, in honor of Mrs. C. Rose.

On Thursday evening Mrs. F. Freeman and Mrs. W. Dibble entertained at the home of the former in Blairmore, in honor of Mrs. C. Rose. Three tables of bridge were in play, honors going to Mrs. H. H. Gardner and Mrs. H. Allen. The guest-of-honor was presented with a gift prize from the two hostesses. Miss Helen Dibble assisted in serving guests during the luncheon.

What Does This Presage?

There resides in Coleman a lady whose dreams and hunches have proved remarkable in forecasting future events. She has proved this on several occasions, two of which are set forth here.

One evening a relative died suddenly and without warning. Before the sad tidings could be told her she had a premonition of that party's death and asked the titer of the bad news "Has ——— passed away?" before she could be told of the death.

The second instance was the recent flood. A week or so before

the flood happened she could see soil being washed away in one of her dreams. When the flood happened she was passing alongside Nez Perce creek and there she could see the embankment being slowly washed away at one point.

However, she is greatly puzzled by a dream she had in 1923 and which was brought to her attention once again. In 1923 she dreamed of two dome shaped buildings between which rose a tall pillar. Behind these buildings the sky gradually became radiantly clear and the figure of Christ appeared. She was given a book a few months ago, and upon perusing it came upon the picture of her dream nineteen years ago. It was the picture of the Y.M.C.A. building located at Jerusalem, the finest of its kind in the Middle East.

Now that Hitler's hordes are fiercely attacking the Middle East with a great degree of success the question arises in her mind: What does this presage? Is Christ to come to this earth once again or is right to again triumph over might and peace once again rule over the world?

The new recruit had made the fatal mistake of failing to salute a second lieutenant, and the latter was prescribing his punishment, when the colonel of the battalion came along and enquired the trouble.

"He failed to salute, sir," reported the lieutenant.

"What do you propose to do about it?" asked the O.C.

"I have ordered him to stand and salute two hundred times, sir."

"Quite right," replied the colonel. "Proceed with the punishment. But remember, every time he salutes you must salute back."

ITALY FEELS THE FULL WEIGHT OF BRITAIN'S BLOWS

British bombers are steadily increasing the weight of their attacks on Italian war factories and supply bases as well as on Axis shipping in the Central Mediterranean, over sixty per cent of which is destroyed by British Naval and Air Forces. . . . Barrack buildings at Mallaha, Tripoli, including a motor transport shed, burning after a successful raid by British bombers. Hits were scored on each of the blocks in the square.

SUGAR RATIONING by COUPON IS NOW IN EFFECT

DO NOT USE THESE COUPONS UNTIL TOLD TO DO SO

SOME IMPORTANT POINTS ABOUT YOUR RATION CARD

1. A Ration Card is required for each individual person, regardless of age.
2. Each numbered coupon is good for a two weeks' ration of 1 lb. of sugar.
3. Coupon No. 1 is good July 1st; coupon No. 2, July 13th; coupon No. 3, July 27th; coupon No. 4, August 10th; coupon No. 5, August 24th.
4. Coupons cannot be used before the specified dates, but may be used any time afterwards.
5. Only coupons 1, 2, 3, 4 and 5 can be used for sugar buying.
6. Do not use coupons A, B, C, D and E, unless instructions are issued by The Wartime Prices and Trade Board. Do not detach them.
7. Coupons must be detached in the presence of your retailer. He will not accept loose, detached coupons.
8. If you do the buying for your home, or for a number of people, you may purchase sugar for them by taking their ration cards with you to the store.
9. If you order by telephone, coupons must be detached in the presence of, or by the delivery man.
10. Retailers may hold customers' ration cards and detach coupons for them in cases where customers are not ordinarily at home to take delivery; or in the case of summer cottagers having deliveries made by mail or express.
11. If you go visiting for a week or more, you should take your ration card with you for your host to use.
12. If you are a regular boarder in a house, you should turn your ration card over to your landlady so she may secure your sugar allowance.
13. You do not use coupons for the purchase of sugar for preserving, canning, jam or jelly making. Additional quantities are allowed for these purposes, for which you sign a special Sugar Purchase Voucher, which your grocer will give you.
14. You do not require coupons for sugar that you consume in restaurants or public eating places. These places are rationed and can only serve limited quantities to their customers.
15. Misuse of ration coupons is illegal and offenders are liable to prosecution.
16. Report to the nearest Wartime Prices and Trade Board office (a) if you lose your card, (b) if you change your name or address.
17. If additional ration cards are needed for new babies, or new Canadian residents, write to the nearest Wartime Prices and Trade Board office.

LOCAL NEWS

Elidio Salvador travelled to Creston on Sunday to visit his parents.

Miss Rita Ash, school teacher at Turin is home for the summer vacation.

Miss Mildred Higginbotham will leave on Saturday for a vacation at Nelson.

Tony DeCocco left this week for Calgary, where he reported to military authorities.

Miss Ethel Wilson left on Tuesday for Calgary where she will spend part of her vacation.

Mr. E. Aboussafy, of Wetaskiwin, is the guest of Mr. and Mrs. Frank Aboussafy for a few days.

Miss Mary Graham and Mr. Steve Ondrus left this week to attend summer school at Edmonton.

Mrs. Tom Parry, of Calgary, is the guest of her son and daughter-in-law, Mr. and Mrs. Robert Parry.

Mrs. W. S. Purvis has left to spend a vacation with her parents, Mr. and Mrs. W. Johnson, of Vancouver.

Mrs. M. Joyce and Mrs. G. Evans and son left on Sunday for a vacation at Vancouver and Vancouver Island.

Born to Mr. and Mrs. Norman Smith, nee Hannah Derbyshire, of Lethbridge, on Sunday, June 28, a daughter.

Mr. and Mrs. Leo, Hagel and family have returned home after a two weeks' vacation at Fairmont and Banff.

Miss A. Yuill, principal of Cameron school, will spend her summer vacation at the Red Cross work room at Calgary.

Among those leaving on vacation at the week-end for Vancouver, are Mr. and Mrs. R. Morris, Mrs. R. Bell and children, Miss E. Beveridge.

Another twenty-four local men received notice from military authorities to present themselves for medical examination prior to their military training.

Harry Harris, of the hospital staff, plans on leaving as soon as possible for a month's vacation at Vancouver. Harry and "Ye Ed." have a date to play golf in Stanley Park towards the end of July.

Miss Bunny Jenkins has left to enlist in the women's division of the R.C.A.F. at Calgary. She was accompanied by Miss Joy Emmerson who will take her medical examination prior to entering the service.

Mrs. C. Rose, Clayton and Mary left by car on Tuesday for Toronto. They were accompanied as far as Medicine Hat by Miss Helen Dibblee, who is enroute to New Brunswick, where she will spend her vacation.

Mr. Wm. Ironmonger, of Nelson, is the guest of Mayor and Mrs. Fred Antrobus. He came to the Pass at the week-end to attend the funeral of his brother who had been fatally injured at Trail and whose funeral was held at Hillcrest on Sunday.

Ronald Jones, son of Mr. and Mrs. Arthur Jones, has been enlisted in the Royal Canadian Air Force, at Calgary recruiting centre as an airframe mechanic, and will commence his training at No. 1 training depot, Toronto, at the completion of his course.

Mrs. Frank Becker, of Vernon, and Mrs. Rae Dempsey, of South Sloon, arrived Monday to spend a vacation with their parents, Mr. and Mrs. Tom Higginbotham. Mr. and Mrs. Henry Dixon, of Calgary, will arrive at the Higginbotham home on Saturday for a vacation.

Mrs. Margaret Wilson was honored by members of the Caledonian Society at their regular meeting on Friday evening. Following the business session the meeting took the form of a social evening. Whist was played, winners being Miss E. Beveridge and Mrs. Margaret Wilson. Following lunch, president Mrs. S. B. Ryan on behalf of the society presented Mrs. Wilson with a handsome purse. Mrs. Wilson left on Wednesday to take up residence at Lethbridge.

John Leeland Larrimore has been enlisted in the Royal Canadian Air Force at Calgary recruiting centre as a gunner, and will commence his training at No. 1 training depot, Toronto. Previous to enlistment Aircraftman Larrimore was employed at the Motor-drome.

William Holyk, son of Mr. and Mrs. Alex Holyk, has been enlisted in the Royal Canadian Air Force at Calgary recruiting centre as an airframe mechanic, and will commence training at No. 1, training depot, Toronto. Previous to enlistment Aircraftman Holyk was employed at Holyk's Grocery.

James Morgan Sharp, husband of Mrs. Barbara Smith Sharp, of Coleman, has been enlisted in the Royal Canadian Air Force at Calgary recruiting centre as an engineer (stationary), and will commence his training at No. 3, training depot, Edmonton, June 29. Previous to enlistment Aircraftman Sharp, J. M., was senior shift engineer and repair man for the East Kootenay Power Co. Ltd., Coleman.

"Bill" Chapman, of Los Angeles, paid a short visit to his parents, Mr. and Mrs. Wm. Chapman, last week. He is employed with a munitions plant at Los Angeles and had been on a business trip for his company to Seattle. Bill remarked that Coleman appeared as a strange town to him now, his old school chums being either in uniform or have moved elsewhere.

On Tuesday, June 23, members of the L.O.B.A. met at the home of Mrs. E. Ash where a party was held in honor of Miss Ethel Dunlop, bride-elect. Whist and bingo were played, whist prizes being won by Mrs. W. Cousins and Mrs. H. Davies. Following luncheon Mrs. R. Ferguson, on behalf of the members, presented Miss Dunlop with a pair of woollen blankets.

Lubrication

That rubber stamp means

we can say Canada's cotton textile industry is 11 times ahead of its war production records of 1914-18.

The industry is delivering about 215,000,000 yards a year of aircraft fabric, ammunition pouches, anti-gas cloth, camouflage netting, gun covers, parachute webbing, powder bags, uniform cloth, web equipment and other essential materials.

Dominion Textile is proud to have a part in this. We also wish to report that our plant employees are earning 28% more per hour than in 1939, and we pay 5.4 times more in taxes than the total paid in dividends to our several thousand shareholders.

DOMINION-TEXTILE COMPANY LIMITED
MONTREAL CANADASOVIET SAILORS ON A MINESWEEPER OF
RUSSIA'S BALTIC FLEET

While destroyers, submarines and mosquito-craft of the Russian Baltic Fleet have taken a heavy toll of German transports and supply ships, attempting to reinforce the Fascist armies, Russian minesweepers are constantly on the job keeping the sea lanes free of enemy mines for Allied craft.

This picture shows preparations aboard a Soviet minesweeper which has destroyed twenty antennae mines in a single sweep.

"I'm not going to blush when my soldier boy comes home!"

"THE WAY I look at it is this. My boy enlisted of his own free will. He's got to do without a lot of things he's been accustomed to. I wouldn't feel right if I couldn't go without something too!"

"The least I can do is to work hard and save. My kitchen, my shopping bag, my work basket are the nearest I can get to his battlefield. But I can buy War Savings Stamps—and lots of them—every week, so that he may have the tools to win. And that's what I'm doing! How about you?"

Buy War Savings Stamps from banks, post offices, telephone offices, department stores, druggists, grocers, tobacconists, book stores and other retail stores.

WORLD HAPPENINGS BRIEFLY TOLD

Free French authorities said that 40,000 children died on the roads of France in June, 1940, in the exodus of refugees fleeing the Nazi terror.

The 10,500-ton freighter, John Steele, was launched at the terminal island yards of the California Shipbuilding Corporation just 52 days after the keel was laid.

The Buenos Aires newspaper "Critica" said that President Roberto Ortiz suffering from partial blindness and in retirement for almost a year, has decided to resign.

Herring are so plentiful in the Atlantic off the southern tip of Nova Scotia that fishermen have to throw them back. The markets have been glutted by the record run of fish.

J. A. Scott Watson, member of the British food mission in Washington, said in an interview at Winnipeg that Canada should find Europe an eager buyer for wheat in the post-war period.

A total of \$14,500 has been contributed to the Red Cross by Royal Canadian Air Force and Royal Air Force units in No. 4 training command embracing Alberta and Saskatchewan.

The BBC quoted Premier Ion Antonescu of Rumania as announcing that in the last year Rumanian casualties on the Russian front have totalled 157,000 killed, wounded or missing.

Unhappy in German-occupied France, Angles Marie, a master cook, arranged to be "taken prisoner" in the British commando raid at St. Nazaire and works now as a kitchen-maid in a Mayfair restaurant.

No Refrigeration

Berlin Report About Nazi Tanks Just Hot Weather Story

The Berlin radio claim that the Nazi are using refrigerated tanks in the Libyan desert was labelled "a hot weather story" by British armored vehicle officers.

The same story circulated in Egypt last summer, they said, and recurs every time the temperature reaches 120 degrees. Captured German tanks, the officers said, have fans but no refrigeration plants.

The nearest thing to air conditioning in tanks is offered by United States models which have air-cooled engines.

Another story exploded by British officers was the one about Germans training for desert warfare in hothouses in Berlin with big fans throwing sand to produce desert conditions.

The Nazis get plenty of training in Germany, prisoners have reported, but not in hothouses.

Useful Two-Piecer

By ANNE ADAMS

Mainstay of your summer-on-the-job wardrobe is a two-piece like this easily made Anne Adams style, Pattern 4910. The jacket has the new inset belt and two sleeve lengths; the slim skirt is paneled.

Pattern 4910 is available in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 4 1/2 yards 35 inch fabric.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this Anne Adams pattern. Write plainly Size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg, Man. 2470

Thrilling Experience Of Manitoba Pilot

Sgt. Clayton C. Young, of Sperling, Man., points on a map of Europe to the George Cross Island of Malta from where he did most of his 45 operations as a tail gunner in a Wellington bomber. Since leaving his farm in Manitoba in June, 1940, Young has done 12 operations from England, been bombed in Malta, attacked German and Italian targets in the Middle East, fought duels with night fighters, crossed the equator twice, had his kit stolen in Cairo and returned to England around the Cape of Good Hope.

Stamps For Free France

Latest In Series Now Issued For St. Pierre And Miquelon

A new postage stamp for St. Pierre and Miquelon showing a fishing boat and a sextant is the latest in the series issued for the Free French Colonies.

Only a few weeks after General de Gaulle's troops landed on the islands, orders for the new issue were placed with London printers of stamps for Britain and her colonies. They had already printed the stamps for all the other Free French colonies, and most of these are now in use.

Designed by Edmund Dulac, famous illustrator of French and English books, who was also responsible for Britain's Coronation stamp, there are separate issues in 14 different colors for each colony. All of them embody the traditional "R.F." and the Cross of Lorraine, emblem of Free France, as well as the words "France Libre", but there is similarity ends. —British Industries Bulletin.

Early Explorer

Homage Paid To The Memory Of Captain George Vancouver

In the midst of war, let us find time to pay homage to the memory of Captain George Vancouver, who came this way, the first Englishman, 150 years ago today, (June 13), discovering that body of water he named Burrard's Inlet, and looking for the first time on the wooded slopes where, 94 years later, there was to be born (and almost lost, too, 94 years to the day, in fire and smoke) the city that would bear his name.

Captain Vancouver no doubt sized up the big trees with the eye of a man interested in ship timbers. It was a long time, however, before this particular spot of the British Empire began to play any sort of role as a centre of shipping construction. Were he to come again, the gallant captain might be surprised at the kind of ship he would find a-building here. —Vancouver Sun.

WHERE PRINCESSES PLAYED

The gardens in Hamptonplace, London, where the Royal Princesses played when the King and Queen lived in Piccadilly, have for some time lost their air of quiet retreat—especially since the railings have gone. But now a number of hens are being kept there. Many Londoners go to watch them being fed, wondering who is lucky enough to get the eggs.

Alaska, famous as a gold producer, had its mining start when Russians exploited coal deposits on Cook Inlet in 1854.

The earth has 57,510,000 square miles of land surface.

THIS CURIOUS WORLD

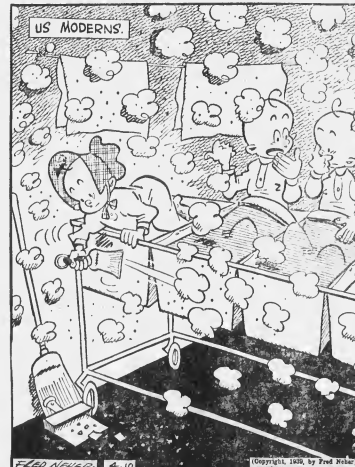

By William Ferguson

ANSWER: About 222. Only about twelve of the lowest keys have one string each. Twenty or so have two, and the rest have three each... making a total of well over 200.

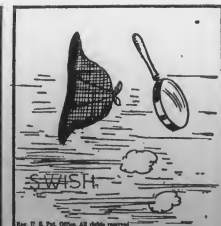

LIFE'S LIKE THAT

"She says she's doing her spring cleaning."

REG'LAR FELLERS—The Perils of Pinhead

On Yearly Basis

Rationing Gives Each U.S. Soldier 45 Pounds Of Coffee

If coffee actually does keep them awake, the soldiers at Ft. Benning are the most alert in the world. Latest discovery of the quartermaster corps is that the average soldier consumes four cups a day. Rationing is on a yearly basis—45 pounds per man. When it comes to dessert, pie (guess which kind) takes first place. Other favorites are, in the following order: Ice cream, doughnuts, chocolate cake, cherry pie, coconut cake, mince pie, fruit cobbler, banana pudding and butterscotch pudding. Rice pudding comes last and pretty unenthusiastically at that. Without raisins and cream it's pretty flat.—Collier's.

The Russian Soldier

Puts Country First According To Story By War Correspondent

If you're wondering what the Russian soldier is made of, listen to this:

The Soviet war correspondent, Ilya Ehrenburg, reports that a Russian field battery on a hill before Sevastopol was trapped by waves of Nazi tanks.

The captain of the battery sent a radio message to the Russian artillery behind him. The message said: "I request that you open fire on my battery." The Russian big guns fired. The German tanks were driven back. The only survivors of the battery on the hill were six men.

SUNDAY SCHOOL LESSON

JULY 5

GOD THE CREATOR

Golden text: In the beginning God created the heavens and the earth. Genesis 1:1.

Lesson: Genesis 1, 2.

Devotional Reading: Psalm 33:1-9.

Explanations and Comments

God Created the Universe, Genesis 1:1. This first verse of the first chapter of Genesis is the summary, and the remainder of the chapter the detailed account, of creation. In the beginning, God: "I like the superb organ tones of these primordial words of the primeval book." Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God. Ps. 90:2.

In the beginning God—not a group of gods as in ancient myths, and not chance—created the universe—the heavens and the earth.

Primeval Chaos, Genesis 1:2. And the earth was waste and void, "formless and matterless." The Hebrew word is an alternative descriptive of a chaos in which nothing can be distinguished or defined (S. A. Driver). And darkness was upon the face of the deep. Chaos is absence of order; darkness is absence of light. "The deep" is not the sea, but the primeval mass of water thought of as an alternative descriptive of a chaos in which nothing can be distinguished or defined (S. A. Driver). And darkness was upon the face of the deep. Chaos is absence of order; darkness is absence of light. "The deep" is not the sea, but the primeval mass of water thought of as an alternative descriptive of a chaos in which nothing can be distinguished or defined (S. A. Driver). And darkness was upon the face of the deep. Chaos is absence of order; darkness is absence of light. "The deep" is not the sea, but the primeval mass of water thought of as an alternative descriptive of a chaos in which nothing can be distinguished or defined (S. A. Driver). And darkness was upon the face of the deep. Chaos is absence of order; darkness is absence of light. "The deep" is not the sea, but the primeval mass of water thought of as an alternative descriptive of a chaos in which nothing can be distinguished or defined (S. A. Driver). And darkness was upon the face of the deep. Chaos is absence of order; darkness is absence of light. "The deep" is not the sea, but the primeval mass of water thought of as an alternative descriptive of a chaos in which nothing can be distinguished or defined (S. A. Driver). Local News

Mr. Henry Raymond is spending a vacation at Vancouver.

PO John Rogers left on Tuesday's train for his new base in eastern Canada.

Mr. Seth Raymond has left for Vancouver where he will try and gain employment.

Mr. Ralph Watson left on Wednesday of last week for Vancouver where he will endeavor to secure work.

Wm. Raymond, E. Henriette and H. Brown left last week for Vancouver, where they will endeavor to secure employment.

Mr. and Mrs. I. James are spending a vacation at Calgary, where they are visiting their daughter and new grandchild.

Mr. and Mrs. George Lewis and Mr. and Mrs. Sam Farano and family left by car on Tuesday morning for Vancouver where they will reside in future.

Mrs. A. Dewar entertained at her home on Thursday evening in honor of Mrs. A. Walker, who, with her husband left on Saturday morning for Vancouver.

Advertising acts as a tonic to any head of business enterprise—large or small.

On Wednesday, June 24, Brownie Pack 1 and 2, under the leadership of Mrs. S. B. Ryan, and assisted by Mrs. Ed. Wood, met in the Catholic hall, where a jolly party was held in honor of Mary Rose, who left Coleman with her mother this week. Games were enjoyed and luncheon served. At the close of the party the guest-of-honor was presented by Audrey Holstad, on behalf of the Brownies, with a leather-bound photograph album.

NOTICE TO CREDITORS AND CLAIMANTS

In the estate of Sarah Thompson, late of Coleman, in the Province of Alberta, widow, deceased.

Notice is hereby given that all persons having claims upon the estate of the above named Sarah Thompson who died on the 20th day of May, 1942, are required to file with the undersigned by the 15th day of August, 1942, a full statement duly verified of their claims and of any securities held by them, and that after that date the executors will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

Dated this 30th day of June, 1942.

T. J. COSTIGAN,
Barrister & Solicitor,
Blaimore, Alberta,
Solicitor for the
Executors.

A miscellaneous shower was held at the Grand Union hotel last Thursday in honor of Mrs. David Pow, nee Dolina McLeod. Cards were played, winners being Mrs. J. Jackson, Mrs. H. McLeod and Mrs. I. Raymond. The guest-of-honor was the recipient of many beautiful and useful gifts for which she ably thanked the friends assembled. Hostesses were Mesdames E. Ash, J. S. Richards, M. Fleming and J. Spievak.
